Selected Poetry.

UNDER THE ICE.

Under the ice the waters run:
Under the ice our spirits lie;
The genial glow of the summer sun
Shall loosen their fetters by and by,
Moan and groan in the prison cold,
River of life—river of love;
The winter is growing worn and old,
The frost is leaving the melting mould,
And the sun shines bright above.

Under the ice, under the snow,
Our lives are bound in a crystal ring;
By and by will the south wind blow,
And the roses bloom on the banks of spring.
Moan and groan in thy fetters strong,
River of life—river of love;
The nights grow short; the days grow long,
Weaker and weaker the bonds of wrong,
And the sun shines brighter above.

Under the ice our souls are hid;
Under the ice our good deeds grow;
Men but credit the wrong we did—
Never the motives that lay below.
Moan and groan in thy prison cold,
River of life—river of love;
The winter of life is growing old,
The frost is leaving the melting mould,
And the sun shines warm above.

Under the ice we hide our wrong—
Under the house that has chilled us through,
O, that the friends who have known us long,
Dare to doubt we are good and true.
Moan and groan in thy prison cold,
River of life—river of love;
Winter is growing worn and old,
Roses stir in the melting mould;
We shall be known above.

Agricultural & Domestic.

PEACH CULTURE.

In all cases, peach trees should be planted when of one season's growth. The time of planting, whether Fall or Spring, is immaterial. In very severe climates, the Spring would be preferable; but in all the peach-growing belt of the United States, the choice between Fall and Spring planting is of little account. For orchard planting the ground should be marked out in furrows, about eighteen or twenty feet apart, and the trees planted to about the same depth as they stood in the nursery. The side limbs and tops should be cut off, leaving a straight stem of the desired height for forming a head. If the trees are planted in the Fall, this trimming and topping should be deferred till Spring. Low heads are desirable. When the heads begin to form, proper care should be taken to prune out all unnecessary limbs, leaving three or four limbs in proper position to form the future tree. Shortening in about one-half the growth for the second and third years after planting, and keeping the inside of the tree clear of useless growth, is all that is required in the way of pruning before the trees commence bearing. The borers, which enter the body of the tree at or a little below the ground, should be removed from year to year. Many remedies for their prevention have been recommended, but experience has demonstrated that the best preventive is personal inspection of each tree, and removing with a knife, or other suitable instrument, the borers. Peach trees will succeed in any soil that will grow corn or potatoes, and require about the same cultivation as these crops. No manures are required until the trees have born their first crop. After the first crop, one hundred bushels of wood-ashes, or three hundred pounds of some standard super-phosphate, or four hundred pounds of bone-dust, to the acre, will restore the trees and prepare them for the next year.—*Isaac Pullen, in Agricultural Report.*

ADVANTAGES OF DRAINING.—At a recent meeting of the Michigan State Agricultural Society the committee on Land Draining made a very interesting report in favor of this mode of preparing land for cropping. The following paragraph is especially worthy of consideration. Thus:—"It is worthy of note that the early frosts of the past season, which proved so destructive generally, did not materially affect vegetation in my drained lands, while it was the most destructive in other lands adjacent. This fact alone would seem to be sufficient to arrest the attention of farmers, and offers additional inducements to further investigation upon this subject."

MANURING WHEAT.—S. H. Simmons writes to the Rural New Yorker, that he tried different modes of manuring wheat, including on the sod in spring before breaking up, turning it under at the last plowing before sowing; top-dressing after plowing but before seeding, and top-dressing early in winter when the ground is frozen. He finds manuring on the sod in spring to be best. This result appears to confirm the practice often urged of top-dressing sod in autumn for corn, and owes its efficacy probably to the perfect manner in which the manure is diffused among the roots of the grass.

A WRINKLE ABOUT THE AGE OF HORSES.—A short time ago we met a gentleman from Illinois, who gave us a piece of information in regard to ascertaining the age of a horse, after he or she has passed the ninth year, which was new to us, and will be, we are sure, to most of our readers. It is this: after the horse is nine years old, a wrinkle comes on the eyelid at the upper corner of the lower lid; and every year thereafter he has one well-defined wrinkle for each year over nine. If, for instance, a horse has three wrinkles, he is twelve; if four, he is thirteen. Add the number of wrinkles to nine, and you will always get it. So says the gentleman; and he is confident it will never fail. As a good many people have horses over nine, it is easily tried. If true, the horse dentist must give up his trade.

TO STOP A FIT OF COUGHING.—A correspondent of the *London Medical Gazette* states that, to close the nostrils with the thumb and finger during expiration, leaving them free during inspiration, will relieve a fit of coughing in a short time. In addition to the above, we state, from personal knowledge, that to press the finger on the upper lip, just below the nose, will make the severest *premonitory symptoms of a sneeze* pass off harmless. We have found the remedy useful many a time in creeping on game in the woods.

HORSE-RADISH AS A MARKET CROP.—Peter Henderson, one of the great market gardeners in New Jersey, states that horse-radish is considered one of the surest and easiest crops to grow. It is planted in the spring and dug in the fall; sent to market in barrels, and sold by weight. The sales are from $500 to $800 per acre.

Victor Wright of Middlebury, Vt., has sold twelve ewes to a western party for $12,000—$1,000 each. Edwin Stowel, of the same place, sold a ram lamb for $2,000, and E. Hammond sold a ram lamb for $1,000; another gentleman sold a yearling ram for $1,000 that he purchased a year ago for $150. The sheep were all thoroughbred Hammond sheep, and choice animals.

CRANBERRY CROP.—The number of barrels of cranberries raised and sold in Harwich, Mass., last year, was 5515, and the price received for them was $52,072.

Nothing teaches patience like the garden. We may go round and watch the opening bud from day to day; but it takes its own time, and you cannot urge it on faster than it will. All the best results of a garden, like those of life, are slowly, regularly progressive.

The currycomb should not be neglected; its exercise on all kinds of neat stock and horses is a great preventive of disease and vermin, and is productive of health.

There is profound wisdom in the saying of an English farmer, that he fed his land before it was hungry, rested it before it was weary, and weeded it before it was foul. Seldom has so much agricultural knowledge been condensed in a single sentence.

How to Do It.—One of the writer's school-mates was always behind with his lessons; and upon one occasion his teacher, in an academy in which he had managed to obtain an entrance, was endeavoring to explain a question in arithmetic to him. A CAPITAL HIT.

Mr. Le Blond, of Ohio, made the best *hit* of the session in the House at Washington, on Thursday, by obtaining the floor and reading the following dispatch for the edification of the negro-suffrage party of that body:

COLUMBUS, February 26.—In the House to-day, Boynton's resolution to strike out the word "white" from the Constitution was lost, after a lengthy debate, by a vote of 25 yeas to 50 nays.

In connection with this, Mr. Le Blond also read a dispatch from New York, announcing that the General Assembly of that State had voted against allowing impartial suffrage in the election of delegates to a State Convention for amending the Constitution. He congratulated his Democratic associates upon the fact that they had been sustained in opposing negro suffrage by the great States of New York and Ohio. The Radicals looked at each other, but had nothing to say.

☞ The secret dislike felt by the Radicals for General Grant is shown by their treatment of his bill transferring the Indian Bureau from the Interior to the War Department. The public will remember the reports of Generals Grant, Sherman and Pope, showing the necessity for the change; the corruption incident to the present arrangement, and the embittered feeling and wars with the Indians they produced. The bill was drawn up by Colonel Parker, the Indian chief on General Grant's personal staff. The General himself was on the floor of the Senate to urge its passage, yet it was defeated by a decisive vote. Clearly, the Radicals are not disposed to be amiable towards the head of the army.

☞ Jack Hamilton, "loyal Southerner," who prepares "reconstruction" bills for the Radicals of the Rump, once carried a free colored woman from Alabama to Texas and kept her as a slave and mistress until the legal authorities compelled him to release her. So charges a Federal army officer of character, in a letter which Senator Doolittle read to the Rump Senate, a few days ago. The writer pledges himself to produce the records of the fact, if required. This is the same Hamilton who was brought to Pennsylvania last fall, by the Radicals, to make votes for Geary and teach the people some "grand moral ideas."

☞ Let it be noted and handed down to posterity as long as the name of Washington may live, that a Rump Congress, sitting in the capitol that bears his name, and within sight of the very spot where Washington discharged the duties of the first President of the United States, not only did not, as a mark of respect to the memory of one to whom we owe so much, adjourn over the anniversary of his birthday, but were actually legislating a military despotism over ten of the sovereign states of the American Republic. It was enough to make the bones of the hero and sage shake in his coffin. *O tempora! O mores!* It argues ill for the fate of a people who forget the teachings and the example of the founder of their republican institutions.

☞ McConaughy made a speech, the other day, in which he spoke of the Democratic party as dead and buried with the rebellion. He seems to have forgotten that the Democracy gave him some very hard kicks only a year and a half ago, *when they beat him worse than any other candidate on the Republican ticket in his own county, and polled a majority against him in the district.* It was only by one of the most shameless partisan outrages on record that he was taken out of the very wet ditch into which the people—the "dead and buried" Democracy—had voted him.

It would be well for him always to remember *how* he got into the Senate. As "cheek" can't wipe *that* record out, prudence would suggest a little modesty whilst occupying a seat to which he has nothing but a *bogus* claim.

☞ In Senator Graham's speech, (on the occasion of presenting a cane to Simon Cameron, on the 16th ult.,) as it appears in Cameron's own organ, he said; "I knew that [Cameron] was *in favor of negro suffrage in Pennsylvania* as well as in the South." So, the truth is coming out at last. Although the Radical leaders knew Cameron's views before he was elected, they concealed the fact from the rank and file of their party until after Cameron's election.

☞ The Harrisburg *Telegraph* expresses itself in favor of raising the license fee upon distillers from $100 to $1,000, because it "would tend to put the business in the hands of a class of men who, if they violated the law, would have something to lose." In other words, it desires to have the manufacture of liquors turned over to the wealthy class, entirely. This is truly a Radical idea.

☞ On the 4th ult., the Democrats were gloriously triumphant in the charter election at Burlington, Iowa, electing their candidate for Mayor by nearly 400 majority. The City Council will stand 9 Democrats to 3 Republicans. The Democrats had not intended making a party issue; but the Republicans forced it upon them, and the result is entirely satisfactory to the Democrats.

THE SPRING ELECTIONS.

We trust our friends throughout the county will not fail to remember that the primary or spring elections transpire on Friday, the 15th of March. These elections are by no means of such small moment as many imagine, for upon the boards of election officers then chosen often hinge the important results of the October election. Just at this time, when Abolitionism has combined every influence within its grasp to control the ballot-box and prevent Democrats from exercising the franchise, it behooves every Democrat to be vigilant and at his post. See that reliable men are elected in every voting precinct; men who will look to it that no American citizen is restricted in his constitutional rights. Again we say, don't neglect the spring elections.

The Act of Assembly approved the 30th of March, 1866, requires the names of all the candidates to be printed or written, or partly printed and partly written, on a single piece of paper similar to the tickets voted last fall. In the townships, the tickets must be headed "Township," and the names of all the candidates follow, with the tickets so folded that the word "Township" appears on the outside. The tickets for the borough are to be the same, with the exception that "Borough" must be substituted for "Township," as the heading.

REJECTED BY THE SENATE.

As we go to press we learn that Col. A. J. Fulton, of this county, recently appointed by President Johnson U. S. Assessor of this District, and Capt. W. Penn Lloyd, of Cumberland, appointed Collector, have both been rejected by the Senate.

This action of the party in power only shows how utterly insincere and hypocritical are the professions they make of being the "soldiers' friends." Both gentlemen we have mentioned, were faithful soldiers in the late war, but refusing to acknowledge that all the sacrifices of our people were in vain, by recognizing the theory of Stevens and his associates, that the Union has been destroyed, they are stricken down by the radical revolutionists. We expected little else, after similar treatment of other distinguished officers by those having the power of endorsing the action of President Johnson.

The people of all parties will, however, see the Radicals in their true light, and hereafter when they loudly proclaim their friendship for the soldier to get his vote, will point them to their disgraceful record.—*York Gazette.*

SPEAKING OUT IN SCHOOL.

The Cincinnati *Commercial* (Radical) asks: "Would such a government as Mr. Stevens proposes to put over the South—a *quasi* military government coming continually in collision with the civil law and authority, and at times over-riding the process of the courts and suspending the functions of the civil officers—would such a monstrosity tend to bring them to terms and stimulate a growth of respect for the Federal government and regard for the Union? We think not. It would but serve to irritate old sores and keep fresh the wounds inflicted during the war. The same argument that Mr. Stevens advances in support of the establishment of such a government would be urged to keep it in existence; and at the end of five or ten years we should be no nearer a settlement of our difficulties than we are to-day."

CAUGHT IN THE ACT.

Dan. Rice has written a letter detailing his observations during an extended tour in the Southern States. He says the Southern people are sadly misrepresented, principally by a class of fellows noted in the following paragraph:

"There is a set of traders in some districts who, swindle the poor negroes shamefully by selling them bogus jewelry and gewgaws at most exorbitant prices. In some instances these persons write for the northern papers, and as it is for their interest to have the South dominated by a military force, they will, of course, paint horrible pictures of the subdued rebels.

"In one instance that came to my knowledge, a trader had sold a breastpin to a negro for $5 which was made in Waterbury, Connecticut, for *sixteen cents*, and this man was the correspondent of the Chicago *Tribune*, a leading Radical paper in the North."

☞ The commander of the Radical secret military organization called the "Grand Army of the Republic," has admitted that the organization is entirely officered by Radicals; that its objects are mainly political, and that its design is to back up the Rump Congress in its impeachment of the President and in its negro suffrage scheme. It is intimated, also, that ostracism of foreigners and Catholics will ultimately be openly incorporated in its programme.—*Patriot & Union.*

☞ A portrait of Josh Giddings, painted by an Ohio girl, (worth, as a work of art, about twenty-five dollars, and, as a souvenir, just nothing at all,) has been purchased by the Radical Rump for one thousand dollars. That's the way the money of the taxpayers goes.

Didn't Want to Hear it.—The Radical Disunion majority of our State Legislature, refused to consent to the reading of Washington's Farewell Address, in the House, on Friday week. Of course they did not want to listen to those homethrusts which Washington, with almost prophetic intuition, leveled at modern Radicalism nearly three-quarters of a century ago.

☞ The Conservatives carried Frederick, Md., on Monday last, by 121 majority. They elected four of the seven City Councilmen. Frederick has been under Radical rule for the last half dozen years. The people are gradually coming right.

☞ An exchange says: "We would like to see about a billion of negroes flock into Massachusetts." That is a little the most horrible punishment we have ever heard wished upon the poor darkeys.

☞ The New York *Tribune*, the organ of those who are continually clamoring for protection to home interests, is printed upon imported paper. Why don't it practice what it preaches?

☞ Forney's *Chronicle* calls Grant a coward, because he does not declare for the Radicals.

"COMMUTATION" ACT.

The Senate of the United States last Saturday passed an Act for the relief of certain drafted men, which had been passed by the House of Representatives on the last day of the last session.

It provides that the Secretary of War shall refund the three hundred dollars paid as commutation by the men drafted under the emendatory enrollment act of February 24, 1864, where the same men were again drafted within one year and held to service or required to furnish substitutes. The draft under the call of December 19, 1864, having been ordered at a very early day in this district, quite a number of the men who commuted in 1864 were again drafted and entered the service or furnished substitutes, and similar cases exist in a number of the other districts of Pennsylvania, as well as in Delaware, Kentucky and some parts of the West.

The Act of February 24, 1864, provided that the payment of commutation should exempt "until that quota should be filled and not exceeding one year." The quota under the calls of February 1 and March 14, 1864, were never filled. Notwithstanding the draft under the call of Dec. 19, 1864, took place within one year from the time the men drafted under the calls of February 1 and March 14, 1864, paid commutation, the Provost Marshals were ordered by the War Department inexorably to hold the men drafted in the last draft who had so commuted. A contrary ruling, it is true, was made at a later day, but too late to avail to release those men whose cases had been heretofore adjudicated.

Strange to say, the attempt to have the money refunded to these injured men was resisted by the War Department, and it was only after repeated and persistent efforts that the refunding act, doing measurable justice, was passed.

This act was passed through the earnest and tireless efforts of Capt. Geo. Eyster, late Provost Marshal,—he having several times visited Washington to effect its passage.—*Franklin Repository.*

A NIGGER VICTORY.

The niggers and Rads "elected" a fellow named Welsh to the mayoralty of Georgetown, D. C., on the 25th, by 96 majority, and a majority of the councilmen. According to the Radical registry there were 1,360 whites and 971 negroes registered, but, as the Radical police would allow of no challenges, from 150 to 200 vagrant negroes from Maryland and Virginia were marched up in gangs and voted, which, added to the votes of the white-skinned negroes, carried Welsh through.

By some this so-called election is denominated a farce—by others an outrage. Our readers may take their choice.—Things have come to a pretty pass, indeed, when the real citizens and property-owners of a large city are deprived of their rights and the power to protect themselves and their possessions. How long will municipal or any other sort of government endure, when negroes—ignorant, vagrant and vicious—are combined with an equally worthless class of whites, to overthrow the laws? Will the people anywhere long permit the negroes to hold the balance of power?—They will not, and should not. The forcing of negro suffrage upon any community is cause sufficient for revolution and war, and to this it must come at last, and then woe betide both the nigger and his backers!—*Patriot & Union.*

Murder in a Court Room.—George Ellar, charged with having committed a rape, in April last, upon Louisa Leis, aged 11 years, daughter of Thomas Leis, a tailor, residing at No. 850 Orchard street, Philadelphia, was shot with a pistol and instantly killed by Leis in the Court room of the Philadelphia Quarter Sessions, on the 20th ult., as he was entering the dock in the custody of a Policeman to await his trial. Leis made no attempt to escape, and was immediately seized and ordered to be taken to prison. The wife and child of Leis, and the wife of Ellar, were in the Court room when the murder occurred, and, as may be supposed, a scene of great excitement ensued, which interrupted the order and business of the Court for some time.

Ellar, the murdered man, served three years in the army, in Col. Ellmaker's regiment. He was arrested at the time of the alleged commission of the crime for which he was to be tried, and bail entered for him by George Rankin. A day or two afterwards he absconded, and was re-arrested at Harrisburg about four weeks ago.

☞ We have been informed by a gentleman whose position enables him to speak knowingly, that there are over *fifty* persons in the employ of the State House of Representatives—such as pasters, folders, et cetera, whose salaries range from $800 to $1,200 for the session; and further, that some whose names are on the roll have not been seen in the folding room since the opening of the session. Taxpayers, what think you of this? It is not the "corrupt Democracy" who are guilty of such gross corruption, however.—*Patriot & Union.*

☞ The Clearfield *Republican* thinks the Soldiers' Orphan Schools, as run by Curtin and Burroughs, are a costly humbug. It says: "We in this county last year schooled 6,100 children, for $21,000; while T. H. Burroughs & Co. charged the State $350,000 for 2,800." That paper forgets, however, how many fat places these schools provide for Radical political bummers. There is something in that, you know.—*Ib.*

A White Mule.—A friend told us yesterday of an amusing scene which he witnessed lately at the Old river ford, near Nachitoches, in Louisiana. A negro had a wagon and a team of six mules, which he wished to drive across. The two lead mules took kindly to the water, but one of the hind ones, a white mule, obstinately refused to enter the stream. Jumping from his seat in a furious passion, the teamster began beating the perverse animal with might and main, exclaiming between the blows, "you thinks you'se white, does you? But I'll show you —— quick dat colored mules is as good as you is. Gee, up!"

A New Counterfeit Quarter.—A new and dangerous counterfeit of the twenty-five cent issue has recently appeared. It is almost perfectly engraved and well calculated to deceive the most practical eye. Upon close examination it may be detected by noticing that the scroll work around the figures "25," on the upper left corner, touches the fine lines around the edges of the note which form the bordering, while on the genuine no part of the scroll work touches the line. When these notes become worn and dirty they will defy detection.

☞ A singular law-suit is now on trial in Albany. Two young men, each married but a few weeks, got sick of their wives and proposed to "swap," and very singularly the women consented. But the husband of the homeliest promised to pay $30 "to boot," and as he has neglected to hand over, the suit is brought to recover the money.

☞ The Brunswick (Maine) *Telegraph* says the farmers in that region are beginning to *groan* over the taxes. They will soon begin to *bellow*. As yet they have experienced only a few twinges of *rheumatism*, but when the genuine *gout* seizes them, as it surely will, then let them *bless* the party which they helped to bring these woes upon our country. Let them *groan* and *bellow!*

☞ The thieves and darkies of Tennessee have nominated Brimstone Brownlow for Governor.

TOWN AND COUNTY AFFAIRS.

☞ We are under continued obligations to Hon. N. Heltzel for legislative favors.

COUNTY COMMITTEE.—The Democratic County Committee will meet in this place on Friday next. It is hoped that every member will be present. See the call of the Chairman under our editorial head.

TOWNSHIP MEETINGS.—The Democrats of Huntington township are requested to meet at the house of Mrs. Reed, in Petersburg, *on Saturday next*, the 9th of March, at 3 o'clock, P. M., to settle a township ticket.

The Democrats of Franklin township will meet at the house of John P. Butt, next Saturday afternoon, for the same purpose.

☞ In nearly all the townships of this county, the Democrats will nominate their tickets on Saturday next, the 9th inst. Select the best tickets, and then, white men, go to work, and with big majorities, rebuke the miserable negroism that is now so degrading the American nation in the eyes of the world.

☞ Henry Spalding, Esq., an old and prominent citizen of this county, died at his residence, near Littlestown, on Tuesday evening last. We have not learned his age, but it was quite advanced. He was a useful, intelligent and liberal-minded man, and dies universally regretted, as in life he was universally respected. May he rest in peace.

PROPERTY SALES.—George C. Cashman has sold his house and lot, in Straban township, to Dr. C. E. Goldsborough, at $1,555. This adjoins the farm lately purchased by Dr. G. from William Gilliland's administrators, the buildings upon which have since been destroyed by fire.

John McMaster, some weeks ago, purchased 11 acres of land, with improvements, in Mountjoy township, from John Slonaker, at $700—and has since sold the property to M. B. Miller, at $800.

THE SALES.—The personal property sales are now in full blast, and, notwithstanding the bad roads, are well attended. Horses, cows and young cattle are generally bringing high prices.

BUILDING ASSOCIATION.—Application was made to Court last Wednesday for a charter to incorporate the proposed Building Association. It will no doubt be granted, after the legal publication. Subscriptions to the stock are already solicited.

EXHIBITION.—The first annual exhibition of "Grapevine Literary Association," in Butler township, on the evening of the 22d of February, was greeted with a large audience, and proved a gratifying success. The President, Lieut. S. H. Eicholtz, opened the exercises with an appropriate and well-delivered address, which was followed by speeches, dialogues, essays, &c. Vocal music, with the excellent violin performances of Mr. James McLaughlin, interspersed the exercises—the whole received with applause and other expressions of approbation.

SCHOOL EXHIBITION.—The first public exhibition of Miss Mary D. McClellan's Select School was held in the School Room on Thursday week. We were unable to be present, but learn from several who were in attendance, that the performances of the young pupils were very satisfactory, evincing judicious and skillful training on the part of the teacher. This school stands high in the estimation of its patrons, and we think deservedly so.

MORO PHILLIPS' SUPER-PHOSPHATE is advertised in another column. We direct the attention of our farmer friends to the subject with confidence, assured as we are, by experiment and observation, that it is among the best fertilizers of its class offered. It will *pay* on any field crop, and we hope to see it largely used this spring on oats and corn, especially where the land is thin. Feed the soil, and it will yield back "an hundred fold." Nothing manifests more gratitude for a little help than poor, sickly, almost worn-out soil—and nothing, therefore, returns a handsomer per cent. Aid it, then, cultivators, in every way, and thus add to your own and the public's prosperity. Every pound of fertilizing matter given to the soil increases in double ratio the ability of a community to maintain and improve its condition.

NEW RAILROAD.—The Carlisle *Volunteer* says that the projected Railroad from Carlisle, by the way of Pine Grove, to Caledonia Furnace, in Franklin county, will be vigorously pushed by the Cumberland Valley Railroad Company, the South Mountain Railroad Company, and other wealthy corporations and individuals. With so much help, it stands a fair chance of succeeding.

ANOTHER FIRE IN CARLISLE.—The large stable connected with the Franklin House, in the rear of the Court House, Carlisle, was destroyed by fire on Tuesday night last. Two valuable horses, a fine cow, with hay and straw, were consumed with the building. Supposed incendiarism.

BARN BURNED.—*Twenty-two Head of Cattle Perish.*—The barn belonging to Mr. Henry Aughey, in Licking Creek Valley, Juniata county, was entirely destroyed by fire on Sunday morning last, with all its contents. It contained twenty-two head of cattle, nearly all last year's crop, and about twenty tons of hay. Insurance only four hundred dollars.

ODD FELLOWS' THANKSGIVING.—The 26th of April will be celebrated by the Odd Fellows throughout the country as a day of special thanksgiving. The observance will be in accordance to instructions from the Grand Sire, and will commemorate the preservation of the Order during the war, and its peaceful reunion.

☞ The following complimentary notice we clip from the Hanover *Spectator*:

Gone to Gettysburg.—Our talented young friend and townsman, J. Emory Bair, (formerly Teller in the Savings Bank of this place,) has been appointed Teller of the Gettysburg National Bank, in place of Col. John H. McClellan, resigned, and took possession of his desk in that Institution on Tuesday. He is a capital accountant, and cannot help but give entire satisfaction to the Management.

☞ President Johnson has issued a proclamation recognizing Nebraska as a State in the Union.

THE APPROACH OF LENT.—The season of Lent, which is strictly held as a time of fasting in the Catholic and Protestant Episcopal Churches, will begin next Wednesday, the 6th of March, and continue for six weeks, ending on Easter Sunday, the 21st of April.

The rules of fasting or abstinence in the Catholic Church are especially rigid, all over 21 years of age being required to obey them. The Baltimore *Sun* says, they are announced as follows by the Most Rev. Archbishop Spalding: Adults make only one meal a day, excepting Sundays. The meal allowed on fast days is not to be taken till about noon. At that meal, if on any day permission should be granted for eating flesh, both flesh and fish are not to be used at the same time, even by way of seasoning. A small refreshment commonly called collation, is allowed in the evening; no general rule as to the quantity of food permitted at this time is or can be made. But the practice of the most regular Christian is, never to let it exceed the fourth part of an ordinary meal.

The following persons are exempted from the obligations of fasting: Young persons under twenty-one years of age, the sick, nursing-women, those who are obliged to do hard labor, all who through weakness, cannot fast without great prejudice to their health. By dispensation, the use of flesh meat will be allowed at any time on Sundays and once a day on Mondays, Tuesdays, Thursdays and Saturdays, with the exception of Holy Thursdays and the second and last Saturdays of Lent.

"ADVERTISER'S REVIEW.—This is the name of a new paper, to be published quarterly, by George Delp & Co., at 611 Chestnut St., Philadelphia, the first number of which has made its appearance. Its object is to furnish a means of communication between the advertising public and newspaper publishers.

WARE! WARE! WARE!—We are now prepared to sell Ware of every kind, wholesale and retail, on better terms than are offered in or out of the cities. We import our own Queensware, and buy our Glassware from the manufacturers. The expense of conducting our business is as one to ten compared with city wholesale dealers, and, our word for it, we will give those who buy from us a large share of the difference. Please call and examine our very large stock.

☞ The Radical leaders of Pennsylvania in general, and of Adams county in particular, denied, last fall, that the Constitutional amendment was designed to bring about negro suffrage in the Southern States. On the 15th ultimo, in the Rump Senate, Wilson, of Massachusetts, declared that he believed "the Constitutional amendment, if adopted, would have resulted in impartial suffrage in ninety days." What have the Rads to say to this? Did the "copperheads" lie then?

☞ When the Legislature was Democratic it sat four Mondays till Saturday, and members hadn't the conscience to take more than three hundred dollars each for the session. When the Republicans came in they set their price at seven hundred dollars and adjourned every Friday. Since the Radicals have got charge of the thing, however, they gobble up one thousand dollars each and put in only about two days and a half a week. Less time higher pay, seems to be their motto.

☞ Gov. Swann declines the United States Senatorship from Maryland. He will adhere to the Governorship, looking upon his obligations to the State in that capacity as paramount.

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES.

TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for food which come food, which, by the medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach of sour, bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel disease. Patients will take these medicines according to directions. Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive that they are not required, for sometimes in diarrhœa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well.

This is no humbug, as thousands of testimonials can assert. She will send when desired a certificate, or written guarantee, that the picture is what it purports to be. A Young Lady

returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance a hundred fold. It is simple in its composition, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also beautifying, cleansing and purifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. Work and Actions.

Both sexes should bear in mind that in instances of indisposition where Pills are needed, due caution should be used in administering them. Most of the secret upon the surface of mankind, arise under the form of "Skill or cure," overpowered with calomel, jalap, aloes, gamboge, Epsom salts, and Harlem oil! But in Radway's Regulating Pills what a vast change! Vegetable in every form, antibilious in action, alterative and effective in cure. Their positive and active properties are unequaled. They trace out every disease from their origin, overcome all periodical fevers, when taken according to directions, and place the system in good, healthy action. No better medicine in the world for the general complaints that flesh is heir to. Then, again, they are "not bad to take," being tasteless, having a coating of sweet gum, and are without smell. For Chronic Constipation, Stupor, Hysteria, General Debility, Loss of Memory, Vertigo, Asthma, Bilious Colic, Inflammation of the Bowels, Typhoid, and the various other fevers, malarious in kind, Cholera, Cholera-Morbus, Pneumonia, Rheumatism, &c., these Pills act, and work so beneficially, so exact upon the Liver and the Digestive organs, as to merge them pre-eminent over all other medicines.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies have fallen and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given, with also full descriptions of the complaints they cure.

Those who require an ALTERATIVE MEDICINE to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.

Reparator Capilli.

Throw away your false frizzles, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.

REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, as you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully come up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. The World Astonished

At the Wonderful Revelations made by the great Astrologist, MADAME H. A. PERRIGO. She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost super-natural power unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of the above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

Manhood:

HOW LOST, HOW RESTORED.—Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the RADICAL CURE (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also Dr. Culverwell's "Marriage Guide," price 25 cents. Address the publishers,

At the Old Business.

LEWIS KUMMERANT has re-commenced the TAILORING business, in Chambersburg street, between Washington and West streets, Gettysburg, and asks a share of the custom of the public. His long experience in the business enables him to guarantee good fits and good work, whilst the latest fashions will be consulted in cutting whenever desired. No effort will be spared to render satisfaction, and he feels sure that all who patronize him will be satisfied. His prices for work are as low as they can possibly be to afford him an economical living, and no one could in reason ask them to be any less. He asks his old friends to give him a call, as well as the public generally.

Teas! Teas!

TEAS FOR THE PEOPLE. No More *Enormous Profit s for Consumers to pay.* Fifty Cents to One Dollar per Pound Saved by *buying your Teas direct from the Importers.*

T. Y. Kelley & Co., *Importers* of Teas, in connection with their large wholesale business, have determined to introduce their Teas directly to consumers at importers' prices, thus effecting a saving to the consumer of 40 to 60 per cent. Families can now club together for any kind or qualities of Teas, in packages of one pound and upwards, and we will send them a superior article of Tea at 5 per cent. above the cost of importation. Let some energetic lady or other person in each neighborhood call upon her acquaintances and take their orders for any of the following named Teas, and when a club of ten, twenty, or more is obtained, send to us and we will *send the Teas put up in separate packages*, with the name of each person marked on it, *all enclosed in one box.* As a *further inducement* to the person getting up the club we will send for his or her services, an extra complimentary package on all orders of $30 and upward. It is perhaps not well understood *why* we can sell Teas so very low; but when it is taken into consideration that besides the original cost of importation, the Broker, Speculator, Jobber, Wholesale Dealer and Retailer, has each to reap a large profit, and the innumerable Cartages, Cooperages, Insurances, Storages, &c., which Teas have to pass through before they reach the consumer, will readily explain this. We propose to do away with seven-eighths of these profits and expenses, and it *now remains with the people to say* whether they shall save 50 cents to $1 00 per pound on every pound of Tea they purchase, or be compelled to give their earnings to a host of useless go-betweens.

PRICE LIST.

OOLONG, (Black) 70, 80, 90, $1 00, $1 10, best $1 25 per pound.

ENGLISH BREAKFAST, (Black) 80, 90, $1 00, best $1 25 per pound.

YOUNG HYSON, (Green) 85, 95, $1 00, extra $1 25; superior $1 50 per pound.

MIXED, (Green and Black) 70, 80, 90, best $1 00 per pound.

IMPERIAL, (Green) $130. best per pound.

JAPAN, $1 00, $1 10, $1 25, best, per pound.

GUNPOWDER, (Green) $1 50, best, $1 60 per pound.

COFFEE DEPARTMENT.

We have lately added a Coffee Department to our establishment, and although we cannot promise the consumer as great a saving as we can on Teas, (the margin for profit on Coffees being very small,) yet we can sell Coffees fully 25 *per cent. cheaper* than retailers charge. Our Coffees come direct from the Custom House, *and we roast and grind them perfectly* pure, put up in 1 or more pound packages, at an advance of 2 cents per pound.

Our Wholesale Price—Ground Coffees—Pure Rio, 25, 30 cents per pound. Best Old Government Java, 40 cents. Best Ceylon, 40 cents.

SENDING MONEY.—Parties sending orders for less than $30 for Teas or Coffees should send with their order a P. O. Draft or the money, to save the expense of collecting by Express. But large orders we will forward by Express and collect on delivery.

We shall be happy at all times to *receive* a call at our warehouse from persons visiting the city, whether dealers or not.

A (Bitter) Acrostic.

RESPECTFULLY Dedicated to the Proprietor of the Great Zingari, by a late Dyspeptic.

Far away from the pyramids of Egypt he came,
Restoring the sick, and healing the lame;
A cure for the cholera, that dreadful disease;
Heaven sent him on earth the dyspeptic to ease.
There are those who were troubled with fever and chills,
E'en they took but one bottle and were cured of their ills,
Resolved that in future, if ever they shake,
Such pleasant, nice Bitters—no other they take.
Get a bottle if troubled with nervous debility;
Rahter says it will cure: just try its ability.
Essence of life, then, to young and to old;
A certain preventive from coughs as it colds.
Try it all, ye are troubled with a weak appetite,
Zest is given by these Bitters, if only used right;
In scrotula, colic, or in bad diarrhœa,
None who've tried it of either have any more fear.
Great tidings is this, then, for rich and for poor;
A bottle can be had for a dollar (and more—
Rahter gives it to those unable to pay),
In no case of sickness will he turn them away.

F. RAHTER'S GREAT ZINGARI.

WHAT THE ZINGARI BITTERS HAVE DONE.—We publish the following for the benefit of the afflicted everywhere:

"I suffered for a long time of Dyspepsia, Heart Disease, and frequent attacks of Liver Complaint. Often the sufferings were so great that life was almost intolerable. I tried several *eminent physicians*, and most of the popular remedies recommended for such complaints, but found little relief until a few weeks ago I commenced the use of F. Rahter's Great Zingari Bitters, and am now perfectly cured."

FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low-spirited horses; by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite, gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the *Hog Cholera.*

THE
PERUVIAN SYRUP
IS A PROTOXIDE SOLUTION OF THE
Protoxide of Iron,
a new discovery in medicine which
STRIKES AT THE ROOT OF DISEASE,
by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, or accompanied by DEBILITY, or A LOW STATE OF THE SYSTEM.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D D.
DURHAM, Canada East, March 24, 1865.

"I am an inveterate Dyspeptic of more than 25 years' standing."

"I have been so wonderfully benefited in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made A NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE of Boston, says:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

☞ THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

☞ See that each bottle has PERUVIAN SYRUP blown in the glass.
